

# PLASTIC PACKAGING

Empty, clean and dry plastic packaging, such as

- plastic food packaging, for example yoghurt pots, butter tubs and packaging for cold cuts, cheese and ready meals
- detergent, shampoo and soap packaging
- other household packaging, for example plastic bottles, cans, jars and tubes, packaging for toys and tools
- plastic bags, carrier bags and wrappings
- EPS or Styrofoam packaging

Flatten, if possible. Place caps, lids, films and dispenser pumps separately into the collection.

Sort plastic items and dirty plastic packaging into burnable waste.

*Used for producing recycled plastic products and energy.*
